Battery Information

This toy requires 3 × AAA (LR03) batteries (not included). Batteries must be installed by an adult. Use a screwdriver to open the battery compartment located on the back of the toy. Insert batteries according to the polarity markings.

Battery Safety:

- Do not mix old and new batteries.
- Do not mix alkaline, standard, or rechargeable batteries.
- Remove batteries when the toy is not in use for long periods.
- Keep batteries out of reach of children.

How to Use the Toy

The toy activates automatically when your baby presses or touches any interactive area. Each section responds with lights, melodies, or sound effects. The toy is designed to stimulate curiosity and reinforce cause-and-effect understanding.

Play Modes and Features

- Colorful LED lights respond to touch.
- Music and sound effects encourage auditory development.
- Automatic power-off after inactivity to save battery life.

Developmental Benefits

Supports fine and gross motor skills, visual tracking, auditory perception, and early problem-solving abilities. Ideal for tummy time and early play routines.

Cleaning and Maintenance

Clean the toy using a soft, slightly damp cloth. Do not immerse in water. Do not use chemical cleaners or abrasives. Always remove batteries before cleaning.

Safety Warnings

Adult supervision is recommended during play. This toy is not intended for use in a crib or bed. Do not use the toy if it is damaged. Designed for indoor use only.
