

# PIPEDREAM PDX ELITE VIEWTUBE PRO SEE-THRU VIBRATING STROKER

## User manual

### CONTROL

- 1) To turn on, press and hold the power button for 3 seconds. Device will turn on in stand-by mode.
- 2) To activate automatic suction, press the (left) button and cycle between the 10 suction modes.
- 3) To turn vibration on, press the power button and cycle between the 10 vibration modes.
- 4) To activate super suction mode, press and hold the (right) button for constant suction. After 10 seconds the suction will stop for 2 seconds before it starts again.
- 5) Releasing the button will return the function to the previous setting.
- 6) After use, press and hold the power button for 3 seconds to turn all functions OFF.

### MAINTENANCE

After each use, rinse the product with lukewarm water.

**WARNING! Pull up the sleeve of the masturbator before maintenance!**

We also recommend using an [erotic cleaner](#), which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

### WATERPROOF

The product is **not water resistant or waterproof!**

### LUBRICATION

Use only [water-based lubricants](#). Other lubricating gels could damage the surface of the aid and it could become sticky.

### DRIVE AND CHARGING

The product is powered by an integrated Li-on battery, which is approximately half charged from the factory, but we recommend that you fully charge it before first use.

Charge the battery using the included USB cable, which can be plugged into a phone adapter, PC or powerbank. When charging, the LED flashes and when fully charged, the LED control lights up permanently. Charging time is about 90 minutes.

### STORAGE

Store separately from other erotic aids in a dry and dark place.

### PACKAGING CONTENTS

In the package you will find a stroker and USB cable for charging.
