

PRETTY LOVE BRADLEY VIBRATING EGG

User manual

CONTROL

- 1) Turn the egg on by pressing the button with the “squiggle” symbol on the remote control for about 3 seconds. The LED on the remote control will light up and vibrate gently.
- 2) By successive short presses of the button with the “squiggle” symbol, you can change the individual vibration programs.
- 3) Turn the egg off by pressing the button with the “squiggle” symbol on the remote control for about 3 seconds.

MAINTENANCE

After each use, rinse the product with lukewarm water.

We also recommend using an [erotic cleaner](#), which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

WATERPROOF

The product is **water resistant**, so maintenance is very easy.

Water resistant means that splashing water will fall on it, but you **MUST NOT submerge it in water!**

You could only immerse the product in water if it was **waterproof**.

The remote control is not waterproof or water-resistant!

LUBRICATION

Use only [water-based lubricants](#). Other lubricating gels could damage the surface of the aid and it could become sticky.

DRIVE AND CHARGING

The egg is powered by a AAA battery. For longer battery life, we recommend using alkaline or rechargeable batteries. The remote control is powered by three LR44 batteries.

STORAGE

Store separately from other erotic aids in a dry and dark place.

PACKAGING CONTENTS

The package includes a vibrating egg, a remote control, a AAA battery and 3 LR44 batteries.
