DOLOMITI air diffuser, is a new portable diffuser, useful for aromatherapy, to perfume and sanitize environments; pouring out some drops of "THD Elisir" natural essential oils it is also an effective antibacterial. It is a powerful and silent diffuser able to scent till sqm20.

Rechargeable through USB or battery power it can be moved anywhere, in office, in the car, it allows you to enjoy the perfumed notes emanating from it, in every place. Easy and practical to use, small and silent. The use of 100% natural "THD Elisir" essential oils will make this diffuser effective for aromatherapy and its practical multicolour lamp is suitable for chromotherapy.

Place the Absorbent Pad in the circular compartment inside the diffuser, after removing the protective top, pour 10/15 drops of Natural essential oil on the pad, reposition the top and enjoy the pleasant scent that is given off.

WARNING:

Please carefully read this manual and keep it in safe place.

WARNING AND PRECAUTIONS:

- Keep out of the reach of children.
- Clean the diffuser when changing the oil.
- Shut off and unplug the power before cleaning.
- Use the original cable provided by the producer.
- If you don't use the device unplug it.
- Never place on loose fabric that can block air flow and prevent the diffuser from ventilating properly.
- Handle with care.
- Make sure to clean the inside of the diffuser with a soft damp cloth and a little water to avoid malfunction. Do not immerse.
- For greater durability and better effectiveness, we recommend the use of THD Elisir oils.

NOT ALLOWED ACTIONS:

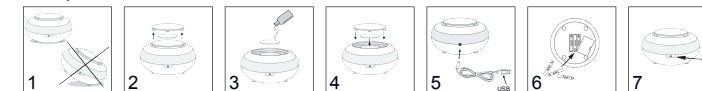

- Do not use detergents, solvents or abrasive agent to clean the diffuser.
- Never use corrosive solvents to clean diffuser.
- Avoid diffuser hitting other objects.
- Do not fill with liquids different than essential oils.
- Never block the diffuser outlet as this could damage the diffuser and prevent it from ventilating properly.

STRICTLY PROHIBITED:

- Make sure to allow air circulation space around the diffuser to avoid electrical short circuit or other malfunctions.
- Do not take this diffuser apart to avoid dangerous risks related to electrical parts.
- Contact customer service for assistance with diffuser troubleshooting.
- Do not fill essential oils not recommended.
- The manufacturer/importer is not responsible for damage caused by incorrect use of the device.

PRECAUTIONS:

1. Place the speaker on a flat surface.
2. Remove the cap on the top of the diffuser.
3. Pour a few drops of essential oil on the absorbent pad.
4. Place the absorbent pad in the diffuser and replace the cap.
5. The diffuser uses a USB (including) cable OR batteries AAA (not including).
6. USB cable: connect the cable to the jack on the back of the diffuser then plug the cable into a USB port.
7. Batteries: insert 3 AAA batteries (not included) into the battery compartment on the bottom of the unit.

MAINTENANCE:

When changing the type of essential oil used, the absorbent pad should be replaced. Remove the cap, take out the absorbent pad and replace it with a new one. To clean the diffuser, use a soft, damp cloth.
