

SIP+ SNACK

- Made out of 100% food-grade silicone.
- The circle-cut lid is for the straw insert.
- The star-cut lid (snack attachment) converts the Mini Cup into a snack container. The opening helps to hold the snacks from falling out of the container if flipped over. This attachment also gives access for little hands to reach into the bites.
- It is easy to store and carry along with the snacks while on the run.
- The snack attachment encourages BLW, supports independence and helps with the development of fine motor skills.
- Easily cleaned, does not stain.
- Healthy alternative to plastic.
- Hand wash and steriliser safe.

WARNING For Your Child's Health and Safety

- Always use with adult supervision.
- Inspect the product before each use.
- Boil in water for 5 minutes before first use. This is necessary to ensure cleanliness.
- Wash thoroughly before and after each use.
- Throw away at first signs of damage or weakness.
- Should only be used for feeding purposes.
- Long-term fluid drinking can cause dental caries.
- Always check the food temperature before feeding your baby.
- Keep product parts out of reach of children when not in use.
- Do not extend cables and cords due to the danger of entanglement and strangulation.
- Never attach to strings, cords, ribbons or freely moving items of clothing.
- Straws are not suitable for children under 6 months.

ATTENTION PLEASE: A strong coloured food might leave its mark/stain. These marks are due to natural food colourants so it is completely safe to use the product.
