

• Mix well (do not use metal objects) until all components are thoroughly mixed.

Cover your shoulders with a towel.

Creme (3) to the developer lotion (2).

• For optimal result please use immediately and do not keep rests.

(for 0-00 (E20) use only one Blonde-Activator sachet).

2.1

Total Application (Full head)

For very short hair or regrowth application, mix only half of the color cream tube and developer lotion

- If your hair is longer than chin length, we recommend the use of two packs of Palette Intensive Color

• Open the tube (3) and push the upper end of the cap through the membrane of the tube and add the Color

This application is recommended if

• you are coloring your hair permanently for the first time, or

- your previous hair color has totally grown out, i.e. no regrowth is visible.
- 1. APPLY the mixture on dry hair, starting at the nape of the neck with the help of a brush. It is not recommended to wash your hair 24 - 48 h prior to application. Leave about 2 cm free at the hair roots. Apply the coloring mixture evenly throughout the hair. Then apply the mixture on the hair roots as well.
- 2. LEAVE the mixture for 30 minutes. For lightening shades 0-00 (E20), 12-11 (Cl12), 12-2 (A12), 12-21 (AC12), 12-46 (BW12), 10-0 (N10), 10-1 (C10), 10-19 (C110), 10-2 (A10), 10-4, 10-46 (BW10), 10-49 (BV10), 9,5-1 (C9), 7-65 (LG5), 6-68 (LW3) and L6-88 (LRN5), let the mixture work between 30-45 minutes depending on the color result intensity you would like to achieve. (For permed or damaged hair see "Tips for Application".)

- to wash your hair 24-48 h prior to application. Shade 0-00 (E20): Apply to the roots area only.
- 2. LEAVE the mixture on regrowth area for 20 minutes. (For permed hair see "Tips for Application".) For lightening shades 0-00 (E20), 12-11 (Cl12), 12-2 (A12), 12-21 (AC12), 12-46 (BW12), 10-0 (N10), 10-1 (C10), 10-19 (Cl10), 10-2 (A10), 10-4, 10-46 (BW10), 10-49 (BV10), 9,5-1 (C9), 7-65 (LG5), 6-68 (LW3) and L6-88 (LRN5), let the mixture work between 30-40 minutes (for shade 0-00 (E20): 30-45 minutes and for shades 7-65 (LG5), 6-68 (LW3) and L6-88 (LRN5): 20-30 minutes), depending on the color result intensity you would like to achieve. (For permed hair see "Tips for Application".)
- 3. DISTRIBUTE it evenly throughout the hair using a comb with widely spaced teeth. Shade 0-00 (E20): Do not distribute it through the whole length of the hair, only apply to the roots.
- 4. LEAVE for further 10 minutes. Lightening shades 12-11 (Cl12), 12-2 (A12), 12-21 (AC12), 12-46 (BW12), 10-0 (N10), 10-1 (C10), 10-19 (Cl10), 10-2 (A10), 10-4, 10-46 (BW10), 10-49 (BV10), 9,5-1 (C9): Leave for 5 minutes only.

Rinsing

RINSE the hair well with warm water once the exposure time has finished until water runs clear.

Suggestion: For visibly long-lasting color freshness and shine, we recommend to use Schauma Color Shine Shampoo and Conditioner

4.

After Treatment

Apply the Care Mask into wet hair. Allow to work for 2 minutes and rinse out thoroughly.

Tips for Application/Information

- Wait at least 2 weeks before and after perming before using a coloration and reduce the exposure time by 5-10 minutes.
- If your hair is
- greyer (except for shades 1-0 (N1), 1-1 (C1), 3-0 (N2), 4-0 (N3), 4-5 (G3), 4-60 (WN3), 4-90 (VN3), 5-0 (N4), 5-5 (G4), 6-0 (N5), 6-280, 6-70 (KN5), 6-80 (RN5), 7-0 (N6), 7-1 (C6), 7-2, 7-560, 7-78, 8-0 (N7), 8-1 (C7), 8-140, 9-0 (N8), 9-40 (BN8) and 9-65) or lighter than recommended, damaged or permed: The result of the coloration can become more intensive than that shown on the picture of the packaging or on the shade chart.
- darker than recommended: The result of the coloration can become less intensive than that on the picture
 of the packaging or on the shade chart.
- permed or bleached or has strands: We recommend to shorten the application time in the hair lengths by
 5–10 minutes.
- very dry or in poor condition: Apply the coloration mixture on the tips only for the last 5 minutes of the application time. Otherwise, this could result in a more intensive color.
- Shades 3-65 (W2), 3-68 (R2), 4-88 (RF3), 4-89 (RFE3), 5-46, 5-57 (GK4), 5-68 (R4), 6-65 (W5), 6-68 (LW3), 6-79, 6-88 (RI5), L6-88 (LRN5), 6-99 (V5), 7-17 (CK6), 7-57 (GK6), 7-65 (LG5), 7-77 (KR7), 7-887 (RV6), 7-89 (RI6), 8-46 (BW7), 8-77 (KI7) and 9-7 (K8): In order to obtain a 100 % grey coverage, mix half of the tube content of the fashionable shade with half of the tube content of a natural shade. Use a natural shade with the same color depth (3-65 (W2) and 3-68 (R2) with 3-0 (N2)); (4-88 (RF3) and 4-89 (RFE3) with 4-0 (N3)); (5-46, 5-57 (GK4) and 5-68 (R4) with 5-0 (N4)); (6-65 (W5), 6-68 (LW3), 6-79, 6-88 (RI5), L6-88 (LRN5) and 6-99 (V5) with 6-0 (N5)); (7-17 (CK6), 7-57 (GK6), 7-65 (LG5), 7-77 (KR7), 7-887 (RV6) and 7-89 (RI6) with 7-0 (N6)); (8-46 (BW7) and 8-77 (KI7) with 8-0 (N7)); (9-7 (K8) with 9-0 (N8)).

Without mixing with a natural shade 3-65 (W2), 3-68 (R2), 4-88 (RF3), 4-89 (RFE3), 5-57 (GK4), 5-68 (R4), 6-65 (W5), 6-88 (RI5), 6-99 (V5), 7-17 (CK6), 7-57 (GK6), 7-77 (KR7), 7-887 (RV6), 7-89 (RI6), 8-46 (BW7), 8-77 (KI7) and 9-7 (K8) perfectly cover up to 70 % grey hair. For shades 5-46, 6-68 (LW3), 6-79 and 7-65 (LG5) up to 50 %. For shade L6-88 (LRN5) up to 20 %.

- We recommend repeating the application of Palette Intensive Color Creme every 4 weeks as hair grows approximately 1 cm in this period.
- Palette Color Creme is easy to remove from skin with water and soap, or face water.

Important Advice

- Before application, please read the SAFETY INSTRUCTIONS below carefully.
- Do not use for 7-65 (LG5), 6-68 (LW3) and L6-88 (LRN5) if you have dark color overload from several application of dark tones.
- It is not recommended to wash your hair 24-48 h prior to application.
- Avoid the product coming into contact with textiles and synthetic materials, for it will be hard to remove stains.
- Apply the product directly after mixing. Do not keep any unused mixture.
- Shade 0-00 (E20): Do not use on light blonde hair before or after having used a perm in order to avoid damage.
- Shades 0-00 (E20), 12-11 (CI12), 12-2 (A12), 12-21 (AC12), 12-46 (BW12), 10-0 (N10), 10-1 (C10), 10-19 (CI10), 10-2 (A10), 10-4, 10-46 (BW10), 10-49 (BV10), 9,5-1 (C9) and 9-40 (BN8): While coloring, do not cover the hair with a plastic or aluminium foil and avoid external warmth influence (e.g. hair-dryer, hair-drying cap or sauna). Do not use on hair that has previously been colored with red or dark shades.

SAFETY INSTRUCTIONS

Hair colorants can cause severe allergic reactions.

Read and follow instructions. This product is not intended for use on persons under the age of 16. Temporary "black henna" tattoos may increase your risk of allergy.

Do not color your hair if:

40 mm

—you have a rash on your face or sensitive, irritated and damaged scalp, you have ever experienced any reaction after coloring your hair, you have experienced a reaction to a temporary "black henna" tattoo in

Contains: see folding box.

- · Avoid contact with eyes.
- · Rinse eyes immediately if product comes into contact with them
- Do not use to dye eyelashes or eyebrows.
- Rinse hair well after application.
- Wear suitable gloves.
- · Keep out of reach of children.

Keep the empty carton and the instruction leaflet in case you experience a reaction. To reduce your risk, follow these instructions.

1. ALLERGY ALERT TEST

Perform an allergy alert test 48 hours before each product use even if you have already used coloring products before. Perform the allergy alert test on an area of skin sized approximately 1cm x 1cm on the inside of the elbow.

All shades except 0-00 (E20): Apply a small amount of the Color Creme in a thin layer on the inside of the elbow with a cotton bud and leave uncovered for 45 minutes. Avoid contact with clothes. Close tube again carefully.

Shade 0-00 (E20): Take a quarter of a teaspoon of Blonde-Activator from the sachet and mix it in a cup with a level teaspoon of Color Creme using a plastic spoon. Stir well until thoroughly mixed. Apply a small amount of the mixture in a thin layer on the inside of the **elbow** with a cotton bud and leave uncovered for **45 minutes**. Avoid contact with clothes. Seal tube and sachet (with adhesive tape) carefully.

After 45 minutes, wash off the Color Creme thoroughly with lukewarm water. If any reaction occurs during the processing time or during the following 48 hours, you should rinse immediately and not use this colorant. This test represents an important precaution. However, be aware that even if an allergy alert test has been carried out you may still experience an allergic reaction when you color your hair. The allergy alert test is not a guarantee of avoiding future allergic reactions. Please consult a doctor if you have any doubts.

2. IF DURING COLORING YOU EXPERIENCE

- any stinging or burning and/or rash, rinse immediately and discontinue coloring your hair as this may be an
 indication of a more serious reaction. Do not color your hair again before consulting a doctor or seeking medical advice.
- rapidly spreading skin rash, dizziness or faintness, shortness of breath and/or swelling of eyes/face, rinse immediately and seek immediate medical attention and contact the manufacturer.
- 3. IF AFTER COLORING OR ON THE FOLLOWING DAYS YOU EXPERIENCE problems such as skin or scalp itching, skin or scalp rash, swelling of eyes/face, blistering and/or skin or scalp weeping, seek immediate medical attention and contact the manufacturer.

PRECAUTION

- This product contains ingredients which may cause severe eye irritation and possible permanent eye injury. If
 the developer or hair color mixture gets into your eye, flush immediately with a large amount of lukewarm water and seek medical advice.
- If you wear contact lenses during application and any product gets into your eye, remove the contact lens first, then flush immediately with a large amount of lukewarm water and seek medical advice.
- Do not inhale or ingest the product.
- Avoid unnecessary skin contact.
- Do not use if your hair has been colored with henna or metal dyes.
- Remove all metal objects such as clips and hair pins from hair before coloring and keep them away during coloring. Do not use metal tools.
- Keep developer away from heat and light. Do not mix this colorant with any other products. Do not keep any
 unused product. Do not leave the mixture in a closed bottle (bottle may expand or burst).

For shades 5-46, 6-68 (LW3), 6-79 and 7-69 (LG5) up to 50 %. For shade L6-88 (LRNS) up to 20 %. We recommend repeating the application of Palette Intensive Color Creme every 4 weeks as hair grows approximately 1 cm in this period. Palette Color Creme is easy to remove from skin with water and soap, or face water.			
Important Advice	Important Advice	Important Advice			
Before application, please read the SAFETY INSTRUCTIONS below carefully. Do not use for 7-65 (LGS), 6-68 (LW3) and L6-88 (LRN5) if you have dark color overload from several application of dark tones. It is not recommended to wash your hair 24-48 h prior to application. Avoid the product coming into contact with extiles and synthetic materials, for it will be hard to remove stains. Apply the product directly after mixing. Do not keep any unused mixture. Shade 0-00 (E20), 12-11 (C112), 12-2 (A12), 12-21 (AC12), 12-46 (BW12), 10-0 (N10), 10-1 (C10), 10-19 (C110), 10-2 (A10), 10-4, 10-46 (BW10), 10-49 (BV10), 9,5-1 (CI3) and 9-40 (BRIs). While coloring, do not cover the tain with a plastic or aluminium foil and avoid external warmth influence (e.g., hair-drying cap or saunal). Do not use on hair that has previously been colored with red or dark shades.	Before application, please read the SAFETY INSTRUCTIONS below carefully. Do not use for 7-65 (LGS), 6-68 (LMS) and L6-88 (LRNS) if you have dark color overload from several application of dark tones. It is not recommended to wash your hair 24-48 h prior to application. Avoid the product coming into contact with textiles and symthetic metarials, for it will be hard to remove stains. Apply the product critically after mixing. Do not keep any unused mixture.
