IST TOOLS SKIN STAIN REMOVER on any areas of the

skin where the coloration has had contact and remove

with a cotton pad after a few minutes.

SAFETY INSTRUCTIONS

igsquirin Hair colorants can cause severe allergic reactions.

Read and follow instructions.

E

This product is not intended for use on persons under the age of 16. Temporary 'black henna' tattoos

may increase your risk of allergy.

Do not colour your hair if:

- you have a rash on your face or sensitive, irritated and damaged scalp,
- you have ever experienced any reaction after colouring your hair,
- you have experienced a reaction to a temporary 'black henna' tattoo in the past.

Do not use to dye eyelashes. Contains: see folding box. Rinse hair well after application. Avoid contact with eyes. Rinse immediately if product comes into contact with them. Wear suitable gloves. Keep out of reach of children. Keep the empty carton and the instruction leaflet in case you experience a reaction. To reduce your risk follow these instructions.

1. ALLERGY ALERT TEST

Perform an allergy alert test 48 hours before each product use even if you have already used colouring products before. Perform the allergy alert test on an area of skin sized approximately 1cm x 1cm on the inside of the elbow. Apply a small amount of the Color Creme in a thin layer on the inside of the elbow with a cotton bud and leave uncovered for 45 minutes. Avoid contact with clothes. Close tube again carefully. After 45 minutes, wash off the Color Creme thoroughly with lukewarm water.

If any reaction occurs during the processing time or during the following 48 hours, you should rinse immediately and not use this colorant. This test represents an important precaution. However, be aware that even if an allergy alert test has been carried out you may still experience an allergic reaction when you colour your hair. The allergy alert test is not a guarantee of avoiding future allergic reactions. Please consult a doctor, if you have any doubts.

2. IF DURING COLOURING YOU EXPERIENCE

- any stinging or burning and/or rash, rinse immediately and discontinue colouring your hair as this may be an indication of a more serious reaction. Do not colour your hair again before consulting a doctor or seeking medical advice.
- rapidly spreading skin rash, dizziness or faintness, shortness of breath and/or swelling of eyes/face, rinse immediately and seek immediate medical attention and contact the manufacturer.

3. IF AFTER COLOURING OR ON THE FOLLOWING

DAYS YOU EXPERIENCE problems such as skin or scalp itching, skin or scalp rash, swelling of eyes/ face, blistering and/or skin or scalp weeping, seek immediate medical attention and contact the manufacturer.

PRECAUTIONS

- This product contains ingredients which may cause severe eye irritation and possible permanent eye injury. If the product gets into your eye, flush immediately with a large amount of lukewarm water and seek medical advice.
- If you wear contact lenses during application and any product gets into your eye, remove the contact lens first, then flush immediately with a large amount of lukewarm water and seek medical advice.
- Do not inhale or ingest the product.
- Avoid unnecessary skin contact.
- Do not use if your hair has been coloured with henna or metallic dyes.
- Remove all metal objects such as clips and hair pins from hair before colouring and keep them away during colouring. Do not use metal tools.
- Keep developer away from heat and light. Do not mix this colorant with any other products. Do not keep any unused product. Do not leave the mixture in a closed bottle (bottle may expand or burst).

GB SAFETY INSTRUCTIONS

Hair colorants can cause severe allergic reactions.

Read and follow instructions.

This product is not intended for use on persons under the age of 16. Temporary 'black henna' tattoos may increase your risk of allergy.

Do not colour your hair if:

 – you have a rash on your face or sensitive, irritated and damaged scalp,

- you have ever experienced any reaction after colouring your hair.

 you have experienced a reaction to a temporary 'black henna' tattoo in the past.

Do not use to dye eyelashes. Contains: see folding box. Rinse hair well after application. Avoid contact with eyes. Rinse immediately if product comes into contact with them. Wear suitable gloves. Keep out of reach of children.

Keep the empty carton and the instruction leaflet in case you experience a reaction. To reduce your risk follow these instructions.

1. ALLERGY ALERT TEST

Perform an allergy alert test 48 hours before each product use even if you have already used colouring products before. Perform the allergy alert test on an area of skin sized approximately 1cm x 1cm on the inside of the elbow. Apply a small amount of the Color Creme in a thin layer on the inside of the elbow with a cotton bud and leave uncovered for 45 minutes. Avoid contact with clothes. Close tube again carefully. After 45 minutes, wash off the Color Creme thoroughly with lukewarm water.

If any reaction occurs during the processing time or during the following 48 hours, you should rinse immediately and not use this colorant. This test represents an important precaution. However, be aware that even if an allergy alert test has been carried out you may still experience an allergic reaction when you colour your hair. The allergy alert test is not a guarantee of avoiding future allergic reactions. Please consult a doctor, if you have any doubts.

2. IF DURING COLOURING YOU EXPERIENCE

- any stinging or burning and/or rash, rinse immediately and discontinue colouring your hair as this may be an indication of a more serious reaction. Do not colour your hair again before consulting a doctor or seeking medical advice.
- rapidly spreading skin rash, dizziness or faintness, shortness of breath and/or swelling of eyes/face, rinse immediately and seek immediate medical attention and contact the manufacturer.
- 3. IF AFTER COLOURING OR ON THE FOLLOWING DAYS YOU EXPERIENCE problems such as skin or scalp itching, skin or scalp rash, swelling of eyes/face, blistering and/or skin or scalp weeping, seek immediate medical attention and contact the manufacturer.

PRECAUTIONS

- This product contains ingredients which may cause severe eye irritation and possible permanent eye injury. If the product gets into your eye, flush immediately with a large amount of lukewarm water and seek medical advice.
- If you wear contact lenses during application and any product gets into your eye, remove the contact lens first, then flush immediately with a large amount of lukewarm water and seek medical advice.
- Do not inhale or ingest the product.
- Avoid unnecessary skin contact.
- Do not use if your hair has been coloured with henna or metallic dyes.
 Remove all metal objects such as clips and hair pins from hair before colouring and keep them away during colouring. Do not use metal tools.

After 45 minutes, wash off the Color Creme thoroughly with lukewarm water. If any reaction occurs during the processing time or during the following 48 hours, you should rinse immediately and not use this colorant. This test represents an im-

portant precaution. However, be aware that even if an allergy alert test has been carried out you may still experience an allergic reaction when you colour your hair. The allergy alert test is not a guarantee of avoiding future allergic reactions. Please consult a doctor, if you have any doubts.

Do not colour your hair it: - you have a rash on your face or sensitive, irritated and damaged scalp, - you have ever experienced any reaction after colouring your hair, - you have experienced a reaction to a temporary 'black henna' tattoo in the past. Do not use to dye eyelashes. Contains: see folding box. Rinse hair well after application. Avoid contact with eyes. Rinse immediately if product comes into contact with them. Wear suitable gloves. Keep out of reach of children. Keep the empty carton and the instruction leaflet in case you experience a reaction. To

Read and follow instructions

Do not colour your hair if:

Keep the empty carton and the instruction leaflet in case you experience a reaction. To reduce your risk follow these instructions. 1. ALLERGY ALERT TEST
